FIRESTONE SAFETY FIRST

Update: August 1, 2016

Current Police Facility

- The existing police facility does not meet recognized industry safety standards.
- Many of our current police officers are located in a small trailer.

New Public Safety Facility

- The Firestone Town Board hired ROTH SHEPPARD Architects to prepare a preliminary design for a new police facility.
- ROTH SHEPPARD is currently evaluating which Town owned property is the optimal location for the new police facility.
- To date, ROTH SHEPPARD has developed space planning calculations for now and into the future.
- Public meetings to review updated facility design efforts will be held in a few weeks. Check the Firestone website for meeting notice dates.

Election

- On November 8, 2016, citizens of Firestone will have the opportunity to:
VOTE YES FOR A MUCH NEEDED NEW FIRESTONE POLICE FACILITY
